Speech by H.E. Mr. HORINOUCHI Hidehisa
Ambassador Extraordinary and Plenipotentiary of Japan
to the Kingdom of Cambodia
At the Signing Ceremony of the Exchange of Notes
October 27th, 2017

- H. E. Dr. Hang Chuon Naron, Minister, Ministry of Education, Youth and Sport
- Ms. Nancy Walters, Representative and Country Director, World Food Programme Cambodia,
- Excellencies, Distinguished Guest, Ladies and Gentlemen,

It is a great pleasure for me together with the representative of WFP to sign today the Exchange of Notes on Grant Assistance for the Food Assistance Programme.

First of all, I would like to extend my sincere gratitude to H. E. Dr. Hang Chuon Naron for his participation in this ceremony.

In this programme, the Japanese Government is going to provide a Grant Assistance of three hundred and fifty million Japanese Yen (¥350,000,000), equivalent to about 3.2 million USD. That will be used to purchase an approximately 420 metric tons of canned fish to be used for breakfasts of school children in the most vulnerable communities through WFP.

Cambodia's economy has grown significantly over the past decades and the poverty rate has decreased dramatically. However, especially in the rural areas, a significant portion of the population still suffer from under nutrition because they lack access to sufficient and various food. Many of those people are only just above the poverty line, and have a high risk of falling into poverty by the slightest income shock.

Under such circumstances, by providing canned fish for the WFP's School Feeding Programme, Japan's assistance will contribute to improve not only food security but also their access to school education. I sincerely hope that our assistance will be effectively used to secure a bright future for children.

Lastly, I hope that this project will further strengthen the friendly relations existing between the Japanese and Cambodian peoples.

Thank you.
