

MONBUKAGAKUSHO Scholarship 2014

MONBUKAGAKUSHO or MEXT Scholarship is the scholarship offered by the Ministry of Education, Culture, Sports, Science and Technology of Japan

Frequently Asked Questions

General Questions (all categories)

1) When is the opening date for application, and when is the deadline?

A) MONBUKAGAKUSHO scholarship starts in May 2nd. The deadline of application is on May 31st.

2) Where can I get the application form and where to submit it?

A) The application forms are available at the Office of Scholarship and Training of the Ministry of Education, Youth and Sports (MoEYS) and applications will be accepted there. The Embassy of Japan in Cambodia does not distribute and accept the application forms directly.

3) Can I apply for MEXT scholarship if I do not know Japanese language?

A) Yes. All the applicants for MEXT scholarship have to take Japanese Language exam. However, it is not required that you know Japanese language at the time of application if you apply for a major which does not require proficiency in Japanese language. Only Social Sciences and Humanities field of Undergraduate scholarship require good achievement in Japanese language test.

4) Are the tests in Japanese, English or Cambodian?

A) All the tests are in English only except for Japanese language exam.

5) I have high TOEFL score, do I still need to take English test?

A) All candidates must take all tests.

6) Will the written exam questions be prepared by the Embassy of Japan in Cambodia or by the Ministry of Education, Youth and Sports of Cambodia?

A) Since 2010, the written exam questions are prepared by the Embassy of Japan in Cambodia. The written exam will be held only once for all scholarship programs (Research Students, Undergraduate, College of Technology, and Specialized Training College).

7) Where can I find sample questions of written exams?

A) You may find past exams questions in the following URL.

8) When will the result be announced?

A) The result of the first selection will be announced on July 1st. The final selection by MEXT will be announced between December and February.

9) Is TOEFL score required when applying for the scholarship?

A) No.

10) How should I fill in the application form?

A) It is recommended that application forms be typed or written in a block letter for hand writing.

11) I have more to fill in the Educational Background of the application form than the form provided. What should I do?

A) If you could not include all of your educational information in the provided form, you may create a sheet which has the same format and contains information as the provided form. You may add more rows in the sheet if appropriate such that you can put all of your educational information. Attach the sheet with your application form, and at the "Educational Background" section in the application form, mark or write something to direct us to read the attached sheet.

12) Do I need to translate my certificate into English?

A) It is not necessary to do so when you submit your application forms to the Office of Scholarship and Training of MoEYS. Your application including your certificate will be checked and verified by MoEYS not by the Embassy. However, when you pass the written exam and submit all the documents to Japanese Embassy, all documents must be translated or written in English or Japanese, except for transcript and high school certificate which will be translated by the MoEYS.

13) I have passed the written exam and proceeded for next step. I saw the **application forms on the Japanese Embassy's website which is **downloadable**. Is it acceptable that if I **complete ALL the forms in the PC** and then print them out for submission?**

A) If the form you download is the same as the one provided by the Embassy, you may use that form to fill in all the information and submit them to the Embassy.

14) I have only one original transcript, so can I copy it and have it attested by the Municipal office and submit it as an original transcript?

A) Yes. If you got the stamp proved by the municipal office, that stamped document can be used instead of the original one. However, try to get an

original one from your school if possible.

15) About *recommendation form*, the scholarship requires *1 original and 2 copies*. How can I take copies of it in case the develop is sealed?

A) About *recommendation letter*, you can ask your recommenders to copy it first before she/he seals it.

16) The photo size required in the application form is 4.5x3.5, while usually in Cambodia, the photo size is 4x6. Is it acceptable if the size on the application form is slightly different?

A) Yes. For the photo size, slightly differences in size is acceptable, provided that the photo is clear and the object in the photo appeared in appropriate position.

17) Do I need to submit my health certificate by myself?

A) No. The MoEYS will send it directly to the Embassy.

18) I am a candidate who failed the MEXT scholarship examination, can I take back the application and documents submitted to the Embassy?

A) No. The Embassy does not return any submitted documents.

19) In the previous years, I have passed the interview, but failed in the final result. Is the selection based on the written exam?

A) The criteria of the selection is not based only on the written exam score but on the overall evaluation of written exam scores, submitted documents, and the interview.

Research Students

1) I am currently in my final year of a university. Am I eligible to apply for the scholarship?

A) Actually, according to the requirements of MONBUKAGAKUSHO scholarship, applicants who will graduate by the time of departure to Japan are eligible to apply for the scholarship. However, the policy of the MoEYS of the Cambodia requires that applicants hold a certificate by the time of application. The Embassy respects the policy of the MoEYS, and therefore you need to have the graduation certificate when you apply for MONBUKAGAKUSHO scholarship.

2) To apply for Research Students Scholarship, is it necessary for the applicants to have work experiences?

A: There is no such requirement in MONBUKAGAKUSHO scholarship. Fresh graduate may apply.

3) Can I apply for a major different from my past major?

A) You should apply for the field you studied at the previous university or its related field.

4) What is the selection process of Research Students Scholarship?

A) The first selection process is written exam (only once), research proposal screening and interview. Candidates who passed the first selection will be recommended to MEXT. MEXT will make final selection of the scholarship grantees.

5) What are the subjects in the written exam?

A) Japanese and English (Japanese is compulsory. English is optional). The higher score of one of these two subjects will be taken as the score of the written exam.

6) For Research, is Japanese language important in study in Japan?

A. Although you do not have to write your research thesis in Japanese, basic Japanese language is very important for studying and living in Japan. If you do not have to study in Japanese, you still need Japanese for your everyday life and communications with Japanese people. Even you do not know Japanese language at the time of applying, successful MEXT scholarship grantee will study Japanese language from 6 months before entering master course.

7) For Research Students, what are the fields of study which is not provided by the scholarship?

A) For Research, fields of study must be subjects which applicants will be able to study and research at Japanese universities. Therefore applicants can choose any fields of study which are studied and researched in Japan. Please research by yourself whether the field of study of your interest is studied in universities in Japan or not.

8) I have attended a meeting and there were many universities in Japan presenting about their universities. I have talked with a professor from a university and he said that I should have two years of working experience to apply for graduate program in his university. To apply for the Research Program of the scholarship, do applicants need to have at least two years of job experience?

A) There is no such requirement in the guideline of the scholarship. Fresh graduate may apply. However, some fields of study such as MBA program at some universities may require work experiences. It is a good idea to check with the university as well.

9) In point 6 of the application, which is related to the field of specialization studied in the past, I found out that my study during the final year of my

*university was not relevant to my present job, about which I am going to write a research proposal. Therefore, **do I have to write an abstract for my past research?** Or do I have to write only one abstract related to my present career?*

A) If you wrote thesis for graduation, you have to write and submit the abstract of your thesis, regardless of the relevance of the thesis with the research you want to do in Japan.

10) *The **recommendation** should be from two different lecturers or from only one lecturer but make two copy in different Sealed Enveloped?*

A) you need two recommendation letters. One from your (thesis) adviser or your university rector and another one from your current employer. Each letter must be sealed and has 1 original and 2 copies. If you are a fresh graduate, the recommendation letter should be one from your thesis adviser and another one from your university rector.

11) *I do not know Japanese language at all, can I apply for Research Students scholarship?*

A) It is not required that you know Japanese language for Research Students scholarship. However, when you are selected for the scholarship, you will study in Japan, and therefore it is recommended that you learn Japanese as much as possible before your departure to Japan.

12) *After arriving in Japan, what can I do as a scholarship grantee for Research Students?*

A) As a scholarship grantee for Research Students, if your Japanese language proficiency is determined insufficient, usually you will be placed in a university's Japanese language training institution for the first six-month period after your arrival in Japan. After that, you may enroll in a research student course until the end of the period of the scholarship, or proceed to a regular graduate course if you want to pursue a Master's or PhD degree. Proceeding from a research student course to a regular course is subject to *period-related restrictions*. Please refer to the answer of Question 14 below.

13) *For Research Students scholarship, since I hold a Master's degree, can I enroll in a doctoral program?*

A) Yes, you can. If you are selected for the Research Students scholarship and hold a Master's degree and want to enter a doctoral program, you may proceed to a doctoral program. Proceeding from a research student course to a regular course is subject to *period-related restrictions*. Please refer to the answer of Question 14 below.

14) *What is the term (period) of the scholarship?*

A) The term (period) of the scholarship is as follows:

- If grantee comes to Japan in April, his/her scholarship will be payable for 24 months.
- If grantee come to Japan in October, his/her scholarship will be payable for 18 months.

In either case, this term of scholarship includes a 6-month Japanese language training period for grantees who require such training.

15) Is the Research Students scholarship extendable?

A) The scholarship is extendable, however is subject to *period-related restrictions*. To proceed to

- A master's course in a Natural Science field, grantees must be able to pass the entrance exam by the last day of the 24th month counted from the month of arrival in Japan.
- A master's course in a Social Science field, grantees must be able to pass the entrance exam by the last day of the 25th month counted from the month of arrival in Japan.
- A doctoral course in a Natural Science field, grantees must be able to pass the entrance exam by the last day of the 13th month counted from the month of arrival in Japan.
- A doctoral course in a Social Science field, grantees must be able to pass the entrance exam by the last day of the 24th month counted from the month of arrival in Japan.

16) What will happen if I do not pass regular course entrance exam within the restricted period?

A) Your scholarship will be ended in 1.5 years or 2 years (depending on the term of your scholarship) after your arrival in Japan. You may continue to enroll in the university as a privately-financed student.

Undergraduate, College of Technology, and Specialized Training College

1) I am currently enrolling in grade 12 of a high school and high school exams will be held after the scholarship application submission deadline. Can I apply for one of these scholarships?

A) According to the requirements of the MONBUKAGAKUSHO scholarship

- *For Undergraduate, and Specialized Training College*

Applicants who will graduate by the time of departure to Japan are eligible to apply for the scholarship. However, the policy of the Ministry of Education, Youth and Sports (MoEYS) of the Cambodian Government requires that applicants hold a certificate by the time of application.

- *For College of Technology*

Applicants who have completed or who will complete a 11-year school curriculum or longer starting at elementary school by the time of departure to

Japan are eligible to apply. However, the policy of the MoEYS of the Cambodian Government requires that applicants must have graduated from a high school and hold a certificate by the time of application.

The Embassy respects the policy of MoEYS of the Cambodian Government, and therefore you need to have graduated from high school when applying for MONBUKAGAKUSHO scholarship.

2) *I do not know Japanese language. Can I apply for the scholarship?*

A) It is not required that you know Japanese language at the time of application if you apply for a major which does not require proficiency in Japanese language. Only Social Sciences and Humanities field of Undergraduate scholarship require good achievement in Japanese language test.

3) *Can I apply for a major different from my current major at university?*

A) It is not required that you select a major which is the same as your current major at university. You can apply for any major regardless of your current major.

4) *What are the available fields of studies?*

A) The available fields of studies are as follows:

- 1) ***Undergraduate - Social Science and Humanities A:*** Laws, Politics, Pedagogy, Sociology, Literature, History, Japanese language, and others.
- 2) ***Undergraduate - Social Science and Humanities B:*** Economics, and Business Administration.
- 3) ***Undergraduate - Natural Sciences A:*** Science (Mathematics, Physics, Chemistry), Electric and Electronic Studies (Electronics, Electrical Engineering, Information Engineering), Mechanical Studies (Mechanical Engineering, Naval Architecture), Civil Engineering and Architecture (Civil Engineering, Architecture, Environmental Engineering), Chemical Studies (Applied Chemistry, Chemical Engineering, Industrial Chemistry, Textile Engineering), and other fields (Metallurgical Engineering, Mining Engineering, Maritime Engineering, Biotechnology).
- 4) ***Undergraduate - Natural Sciences B:*** Agricultural Studies (Agriculture, Agricultural Chemistry, Agricultural Engineering, Animal Science, Veterinary Medicine, Forestry, Food Science, Fisheries), Hygienic Studies (Pharmacy, Hygienics, Nursing), and Science (Biology).
- 5) ***Undergraduate - Natural Sciences C:*** Medicine, and Dentistry.
- 6) ***College of Technology:*** Mechanical Engineering, Electrical and Electronic Engineering, Information, Communication and Network Engineering, Materials Engineering, Architecture and Civil

Engineering, Maritime Engineering, and other fields.

- 7) **Specialized Training College:** Technology, Personal Care and Nutrition, Education and Welfare, Business, Fashion and Home Economics, Culture and General Education and other fields.

5) *What is the selection process of the scholarship programs of Undergraduate, College of Technology, and Specialized Training College?*

A) The first selection process of these scholarship programs is written exams (only once) and interview. Candidates who passed the first selection will be recommended to MEXT. MEXT will make a final selection of the recommended applicants and select scholarship grantees.

6) *What are the subjects of the written exams for Undergraduate, College of Technology, and Specialized Training College?*

A) The subject of the written exams are as follows:

- **Undergraduate - Social Science field:** English, Mathematics A, and Japanese. Good achievement in all the three subjects is required in order to pass the writing test.
- **Undergraduate - Natural Science A field:** English, Mathematics B, Chemistry, Physics, and Japanese. **English, Mathematics B, Physics and Chemistry** will be mainly taken into consideration to decide successful candidates. ☒Japanese can be taken into consideration, too.
- **Undergraduate - Natural Science B & C fields:** English, Mathematics B, Chemistry, Biology, and Japanese. **English, Mathematics B, Chemistry and Biology** will be mainly taken into consideration to decide successful candidates. ☒Japanese can be taken into consideration, too.
- **College of Technology - Material Engineering field:** Mathematics, Chemistry, English and Japanese. **Mathematics and Chemistry** will be mainly taken into consideration to decide successful candidates. ☒Japanese can be taken into consideration, too.
- **College of Technology - Other fields:** Mathematics, Physics, English and Japanese. **Mathematics and Physics** will be mainly taken into consideration to decide successful candidates. ☒Japanese can be taken into consideration, too.
- **Specialized Training College:** English, Mathematics, and Japanese. **Mathematics and English** will be taking into consideration to decide successful candidates. ☒Japanese can be taken into consideration, too.

7) *I do not know Japanese language. Will it affect the exam result?*

A) It depends on the scholarship and the fields of study.

- For Undergraduate Social Sciences and Humanities field, Japanese score is counted in the overall score. Achieving high score of Japanese test would contribute to the overall score.
- For Undergraduate Natural Sciences A, B & C fields, College of Technology, and Specialized Training College, Japanese score can be taken into consideration to decide successful candidates.

8) *How many candidates will be selected in the written exam?*

A) The number of students selected for Undergraduate, College of Technology, and Specialized Training College depends on the score of the written exams.

9) *What is the term (period) of the scholarship of the Undergraduate, College of Technology, and Specialized Training College? Is it extendable?*

A) The periods of these scholarships are as follow.

- Undergraduate: 5 years (including one year of Japanese language and other necessary subjects)
- College of Technology: 4 years (including one year of Japanese language and other necessary subjects)
- Specialized Training College: 3 years (including one year of Japanese language and other necessary subjects)

The periods are extendable upon successfully passing scholarship extension exam.
